

VI.6+

TOURIST CRAMPONS

ABOUT US

The Polish brand VI.6+ is a manufacturer of high-quality outdoor and climbing gear, perfectly aligned with affordable pricing. The brand's mission is to provide outdoor enthusiasts with excellent and functional accessories. If you venture out of the vertical world in search of adventure amidst wintry mountain landscapes and forests, VI.6+ crampons will help ensure impeccable traction on icy and frozen snow-covered trails.

The Pro Traxion Lite model can be adjusted to most approach and trekking shoes, regardless of their sole hardness. You simply slip the flexible, rubberized frame onto the upper part of your shoe, to which a chain structure with 13 stainless steel teeth is attached. This design ensures stability and confidence with each step you take on slippery, uneven terrain. These popular mountaineering crampons are lightweight and compact, and the included carrying case allows you to pack them in your backpack and have them with you at all times during your winter treks in both lower and slightly higher mountain ranges.

VI.6+ outdoor equipment is made from durable materials, features thoughtful designs, and offers the quality that you'll enjoy on all your outdoor adventures.

PRO TRAXION

This is our basic model. It has already passed the most difficult test on the feet of thousands of tourists. We have created crampons that simply work well in the mountains. The crampons are made of high-quality materials.

PROPERTIES:

- 13 stainless steel teeth
- lower part made of stainless steel
- elements connected in a movable way, for greater comfort in crampons
- upper part made of low temperature resistant rubber
- stabilizing velcro strap
- wide range of sizes, fi shoe sizes 33-47
- individual sizes are distinguished by the color of the rubber
- a practical rigid storage case

COLOUR	SIZE	SHOE SIZE	WEIGHT
	XS	33-35	450 g
	S	36-38	485 g
	M	39-41	500 g
	L	42-44	505 g
	XL	45-47	520 g

PRO TRAXION

SPECIAL VERSIONS

Our goal is to create a complete offer that meets the needs of users. We have created variants of our best-selling Crampons Pro Traxion that can be used by professional services (Police, army), scouts and survival fans.

PRO TRAXION BLACK

A variant retaining all the features of the basic model. It matches the uniform and is perfect for people who like subdued colors.

PRO TRAXION CAMOUFLAGE

They are perfect for scouts, ASG shooters and military enthusiasts. Model has everything that's best about regular Crampons Pro Traxion.

PRO TRAXION LITE

A lighter and more compact version. It has been proven in the field for several years and is equally eagerly chosen by tourists. It is perfect for lower mountains.

PROPERTIES:

- 13 stainless steel teeth
- lighter structure and compact size
- high quality stainless steel
- reinforced joints of hoops and chains
- compact rigid storage case

COLOUR	SIZE	SHOE SIZE	WEIGHT
	S	33-36	280 g
	M	36-40	290 g
	L	40-44	310 g
	XL	44-47	320 g

PRO TRAXION KIDS

A comprehensive offer also includes the youngest tourists. We are one of the few manufacturers who create tourist toys for children. Light and durable construction draws on our experience.

PROPERTIES:

- large range of sizes - from 26 to 39
- compact size and low weight
- design adapted to children's soft hiking shoes
- reinforced joints of hoops and chains
- compact rigid storage case

SIZE	SHOE SIZE	WEIGHT
